## Signed the United Nations Global Compact

Skylark Holdings Co., Ltd. (Headquarters: in Musashino City, Tokyo; Chairman and CEO: Makoto Tani; TSE Prime Market: Stock code: 3197, hereafter "Skylark") signed a statement of support for the United Nations Global Compact (hereafter "UNGC") proposed by the United Nations and was registered as a participating company on December 11, 2023. We are also pleased to announce that we joined the Global Compact Network Japan, a local network of the UNGC, on the same date.

The United Nations Global Compact (UNGC) is the world's largest sustainability initiative, in which the United Nations and the private sector (companies and organizations) join hands to build a healthy global society. The UNGC requires companies and organizations that are signatories to the UNGC to endorse the 10 principles\* and continue their efforts to realize them.

Skylark Group aims to contribute to society through "food service" to enrich people's lives, based on our management philosophy of "Creating Richness with Value to Society". We will continue to adhere to the 10 principles advocated by the UNGC and promote sustainability measures to realize a sustainable society.

\*The ten principles of the UN Global Compact in the four areas of human rights, labor, environment, and anti-corruption are all recognized by the international community as universal values that have been adopted and agreed upon worldwide.
