

“Komamedori Project” Launched at Syabu-Yo Delicious, Fun, and Food Loss Reduction at All-you-can-eat

Skylark Holdings Co., Ltd. (Headquarters: Musashino-city, Tokyo; Chairman and CEO: Makoto Tani; TSE Prime Market; Stock code: 3197) will launch the “Komamedori Project” to reduce food loss at all Shabu-shabu all-you-can-eat “Syabu-Yo” restaurants from April 2024. Syabu-Yo is a food entertainment restaurant that allows customers to enjoy their own original flavors and combinations, and at the same time, proposes an “environmentally friendly way of eating” that addresses the social issue of food loss. We consider food loss reduction to be one of our materiality issues, and through this initiative, we intend to further spread and promote this concept.

What is “Komamedori Project”?

All-you-can-eat tends to take too much. So, "Komamedori" is an initiative to encourage customers to take what they can eat and enjoy their meals without leaving any leftovers. Not overeating, not leaving out food, eating clean, and being happy for both your stomach and the earth. This is an initiative that aims to reduce food loss together with our customers.

1. During the all-you-can-eat meal, **take what you can eat little by little and frequently** to enjoy your meal.
2. At the end of the meal, **take a picture of your table** and present it to the staff at the time of checkout.
3. Receive a **110 yen drink bar coupon** as a free gift.
